Campus Ministries Ministers to Greek Life

HOPE COLLEGE, Mich.-Campus Ministries partnered up with Hope College Greek Life to better minister to the Greek Life community. A Greek Life block party was organized where food and games were provided by Campus ministries on October 10th 2019.

With Campus Ministries new building, the motivation to reach the Hope College community has never been stronger. “Paul approached a group of people from Greek Life to talk to us about this event idea he had” shares Lucy Gruber President of Sigma Iota Beta, “I was blown away by how up front he was about being team Greek Life. I think that sometimes Greek Life gets a bad reputation on campus, so to have someone from campus ministries support Greek Life so openly meant so much”.

-MORE-

Campus Ministries set a goal to have every Greek organization represented at the block party. The construction of this block party was to help figure out how Campus Ministries can better minister to Greek Life. Those who attended discussed the growing partnership between Greek Life and Campus Ministries.

"At the center of campus, we're putting a building that's dedicated to Christian formation and faith", says Dean of Chapel Trygve Johnson, "With the new space and resources, we'll be better able to serve the college as Hope moves into a new future."

With over 700 active members Campus Ministries sees the value in Hope's Greek Life to be able to assist in the increase success of Campus Ministries and the new building. The \$6-million Campus Ministries building looks to increase the value of Hope College.

"It was really cool to see how Campus Ministries wants to minister to Greek Life. We as Greek Life members want to grow this relationship with Campus Ministries", says Sigma Iota Beta member Jillian Kuntzman.
